

A Note to Our Patients

Hematology-Oncology
Station 5
Ann Arbor VA Healthcare System

Your Primary Care Provider

Your Primary Care Provider, or "PCP," is the center of your general medical care within the VA healthcare system. Whether he or she is based at Ann Arbor or elsewhere, your PCP needs to continue to follow you even while you receive specialty care. Your PCP is our partner, and we will count on him or her to address your general medical problems and to prescribe the right kinds and amounts of medications for these problems. We will not interfere with your PCP's general medical care and we will prescribe medicines only relating to our specialty care.

During this visit we will help make sure you know who your PCP is and how to contact him or her. If you do not have a PCP we will refer you to one at the VA site that is most convenient for you. Your PCP information is summarized below:

Your Primary Care Provider (PCP) is:

Your PCP's phone number is:

Thank you,

Drs. Cease, Cooney, Brenner, Okada and Petruzzelli
